Caskets

Minimum requirements for a casket:

For burial: The minimum casket or container required for burial is dictated by the individual cemetery's by-laws for interment. In most cases, the least expensive wood casket is suitable. For health and safety reasons, Canadian Memorial Services does not offer cardboard containers.

For cremation: A body must be presented to the crematorium in a rigid, leak-proof container that is made of a combustible material. Caskets or containers containing non-flammable, hazardous material or chlorinated or fibre-reinforced plastic, other than incidental metal, cannot be used for cremation. We offer a selection of inexpensive caskets below that are suitable for cremation.

For hydrolysis: A casket is not used for hydrolysis. In some circumstances, a hydrolysable container or shroud may be required. For more information on this alternative method of disposition, please speak with one of our funeral directors,

Payment, Financing and Funding

Payment Options

We accept Visa, MasterCard, American Express, debit card, cash, or cheque with two pieces of identification.

Immediate Need (a death has occurred): A minimum of a 50% deposit is required when making funeral arrangements with the balance due on the day of the service. Any unpaid balances will bear interest at the rate of 18% per annum until they are paid in full. A fee of $20.00 will be charged on all payments not honoured by the financial institution. Financial assistance for funeral services may be available through various governmental agencies, for those who qualify.

Pre-planning arrangements: Payment in full or monthly and quarterly payment plans are available. Interest may apply depending on length of payment schedule. A fee of $20.00 will be charged on all payments not honoured by the financial institution. If a death occurs, the plan must be paid in full prior to the day of service.

Financing

Our payment plans give you the flexibility of making payments over time. We offer a competitive financing program. Administration fees and interest rates may apply.

Funding

For your convenience, we offer two funding options when prepaying services or supplies:

Trust

Contract payments are placed in an Individual Trust Account where payments are held until the supplies and services contained within the contract are provided upon the death of the Recipient or the contract is cancelled.

Guarantee: When Prepaid Services and Supplies are paid in full, contract pricing is guaranteed with the exception of disbursements and any additional taxes or fees imposed by the Federal, Provincial or Municipal governments now or in the future.

If the contract is not paid in full at the time of the Recipient's death, the outstanding balance of the contract becomes due and payable before the services and supplies are provided,

Excess Funds: When a death occurs the amount paid plus interest earned shall be applied to the total amount of the services and supplies and taxes charged in accordance with our price lists in effect at the time. If the amount paid and accumulated interest are less than the amount calculated, no further payment will be required. If the amount paid plus accumulated interest are greater than the amount calculated, the difference will be paid to the estate of the deceased (the Recipient).

Insurance

You may purchase a life insurance or annuity policy/plan where the proceeds of the policy/plan will be used to pay for the services or supplies at the time they are delivered or the contract is cancelled.

Guarantee: At the time of the Recipients death, if the value of the policy/plan death/maturity benefit paid by the Insurer is greater than or equal to the total of the services, supplies and applicable taxes specified in the Contract, the funeral home will accept this benefit as full payment for those services, supplies and taxes. Any additional taxes or fees imposed by the Federal, Provincial or Municipal governments now or in the future may change and are excluded from this guarantee.

Excess Funds: If funds from the death/maturity benefit are greater than the retail price of the services or supplies contracted for, including taxes, calculated in accordance with our price lists in effect at the time of death, the excess funds will be paid to the Recipient's Estate.
